Creating Next Iteration Plan	1	3	started	Iteration Plan Template	1	Serdar Mumcu	3	0

#### 4. Issues

Issue	Status	Notes
Identifying risks	Completed	Possible risks will be evaluated.
Deciding feasibility of the project	Completed	Feasibility of the project will be measured.
Planning regular meetings with clients	Completed	Aim is to meet with clients regularly.

#### 5. Evaluation criteria

- Vision and glossary documents are created and accepted.
- The base Project Plan is created and accepted.
- Responsibilities of the team are identified and well-known by the team.
- Use cases identified and defined in a brief format.
- 20% of use cases are selected based on business value and architectural importance, and then written in fully-dressed format.
- High level risks are identified and related mitigation strategies are ready.
- Project milestones are identified.

#### 6. Assessment

Assessment target	Entire Iteration
Assessment date	11/04/2021
Participants	Serdar Mumcu Mustafa Ilkkan Yiğit Erkal Eren Erol

MYES Bus Ticketing System	
Iteration Plan	Date: 31/03/2021

Project status	Green
----------------	-------

- **Assessment against objectives**

All the following objectives are addressed successfully in this Iteration Plan

- **Work Items: Planned compared to actually completed**

All the work Items planned for this iteration are completed as expected and they are listed in the following table:

Creating a project plan	Completed
Assigning roles and responsibilities	Completed
Defining risks	Completed
Setting high-level requirements	Completed
Specifying use cases	Completed
Establishing the working environment	Completed
Finalizing next iteration plan	Completed

**Assessment against Evaluation Criteria Test results**

As a Team MYES, we met all the evaluation criteria specified in the Iteration Plan. There is no concern or issue for this iteration and none of the work items need to be postponed.

- **Other concerns and deviations**

Stakeholder feedback will be evaluated. According to them, some changes might be required in the subsequent iterations.
