- **Assessment against objectives**

All the following objectives are addressed successfully in this Iteration Plan

- **Work Items: Planned compared to actually completed**

All the work Items planned for this iteration are completed as expected and they are listed in the following table:

Architecture document is finalized and accepted	Completed
Design document should be extended	Completed
All planned use-cases written in fully dressed format	Completed
Determined risks for the iteration should be handled.	Completed
Testing related artifacts are extended	Completed
Second running partial software is implemented and deployed	Completed
Next iteration plan is prepared	Completed

Assessment against Evaluation Criteria Test results

As a Team MYES, we met all the evaluation criteria specified in the Iteration Plan. There is no concern or issue for this iteration and none of the work items need to be postponed.

- **Other concerns and deviations**

Stakeholder feedback will be evaluated. According to them, some changes might be required in the subsequent iterations.
